

IT SERVICE

Vision: with the help of our service everything and everyone is just a click away

Mission: connecting people and making the study period far more easier by offering individual student accounts through which students can monitor the entire process of their education (lectures, exams, ECTS credits, reading and leaving notifications visible to the chosen teaching staff and their fellow students, reference books, timetables, rules and regulations, filling QA questionnaires regarding teachers' evaluation, etc); by offering wi-fi access on the campus and online library resources, by making printing, scanning and copying available on campus, etc; encouraging students to socialise via campus social networks.
